Dear Brett

New burner approval

I am pleased to advise that your application for the following burners has been approved.

BUR1503 – MULTICALOR (additional models as submitted)

A copy of the approval is attached. The approval will be recorded in the register of approved burners on the website of WorkSafe New Zealand. Note we decided that these models should be listed as a separate approval rather than re-issuing the previous approval BUR1502.

Please take note of all the conditions attached to the approval. These conditions may be different from earlier approvals as changes have been made over time.

Yours sincerely

Dick Burgess
Advisor
Certifications, Approvals and Registrations Team

DECISION

Under Clause 68 of Schedule 8 of the Hazardous Substances (Dangerous Goods and Scheduled Toxic Substances) Transfer Notice 2004, the Authority may approve a burner for the combustion of class 3.1 substances.

Burners	
Register Number	BUR1503
Application Type	New approval
Applicant	Combustion Control Ltd
Burner type	Ecoflam Bruciatori S.p.A. dual gas and oil burners
Model Numbers	MULTICALOR 170.1, 200.1, 300.1, 400.1

Approval

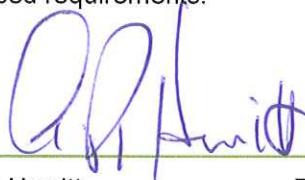

This application for Ecoflam Bruciatori S.p.A. dual gas oil burners manufactured by the Burners Division of Ariston Thermo Group of Italy with type and model numbers specified above, is approved subject to any importer or supplier of these burners ensuring the following:

Conditions

1. Each purchaser of a Ecoflam Bruciatori S.p.A. Multicalor dual gas/oil burner of the specified model numbers must be provided with a copy of the Ecoflam Bruciatori S.p.A. manufacturer's operating and maintenance instructions.
2. Each Ecoflam Bruciatori S.p.A. Multicalor burner with one of the above model numbers must have the number BUR1503 fixed to it in a manner that will ensure it will remain legible for the life of the burner under the conditions in which the burner is installed and operated.
3. A plate specifying that diesel including low flashpoint diesel is to be used in the burner must be fixed to each Ecoflam Bruciatori S.p.A. Multicalor burner of the above model numbers in a manner that will ensure it will remain legible for the life of the burner under the conditions in which the burner is installed and operated.

4. The importer or supplier of a listed Ecoflam Bruciatori S.p.A. MULTICALOR dual gas/oil burner must advise the Manager Certifications, Approvals and Registrations Team, High Hazards and Specialist Services at WorkSafe New Zealand if a burner develops faults or fails in service due to product malfunction, defective manufacturer's workmanship or design failure that could render the equipment unsafe or lead to unsafe burner operating conditions.
5. This approval is invalidated for a Ecoflam Bruciatori S.p.A. MULTICALOR dual gas/oil burner of one of the above model numbers if there are any changes to the design of that model of Ecoflam Bruciatori S.p.A. dual gas/oil burner.
6. The import or supply of Ecoflam Bruciatori S.p.A. MULTICALOR dual gas/oil burner of the above model numbers remains valid for 5 years from the date of this approval.

Taking into account the factors listed above, I am satisfied that the application meets the prescribed requirements.
